Subject: Issues Points Memo, Vol. 2 Edition 1 – Abkhaz President Bagapsh comments on ICC Advisory Ruling
Date: July 22, 2010

Please consider the following excerpts from an Interfax interview with Abkhaz President Sergey Bagapsh on the UN's International Court of Justice ruling on the legality of Kosovo's declaration of independence:

- "The international court's decision once again reaffirmed Abkhazia's and South Ossetia's rights to self-determination. Abkhazia and South Ossetia, meantime, have far more historical and legal grounds for independence than Kosovo does."
- "This decision also showed the rightfulness of Russia's actions, which was the first to recognize Abkhazia's and South Ossetia's independence."
- "...this decision will encourage further recognition of Abkhazia's and South Ossetia's independence by other countries..."
